Last Name? _____

Relationship to Student? _____

Cell Phone Number? _____

Home phone number? _____

Email Address? _____

Emergency Contact

First Name? _____

Last Name? _____

Relationship to Student? _____

Cell Phone Number? _____

Course Equipment Questions

What will be the student's backcountry mode of travel? Please indicate the equipment the student will be using for each day of the training.

_____ Alpine touring set up (skis that are equipped with alpine touring binding and climbing skins for backcountry travel).

_____ Split board (a specialized snowboard that splits into two pieces and is equipped with binding and climbing skins for backcountry travel).

_____ Snowshoes and winter snow boots (snowshoes and insulated winter boots that need to be in good condition and appropriately sized).

_____ If the student does not have any of the three backcountry modes of travel, special arrangements can be made to rent a pair of snowshoes, but the student also needs to have a good pair of insulated winter boots.

Avalanche Rescue Equipment

Does the student have the following avalanche rescue equipment to be used during the training? This equipment is not required for the training and can be supplied to students who don't have access to it for no additional fee. Please indicate below what equipment the student will bring to every training day or if they need to rent any.

_____ Avalanche Rescue Transceiver (needs to be digital, not an older analog model)

_____ Avalanche Rescue Probe (needs to be a standalone probe; no ski pole probes)

_____ Avalanche Rescue Shovel (needs to be a two- to three-piece metal shovel; no plastic shovels)

Please circle the equipment the student needs to rent or circle none.

Avalanche Rescue Transceiver

Avalanche Rescue Shovel

Avalanche Rescue Shovel

None

STATEMENT OF COMMITMENT

My student and I understand this is a five-week program with ten field sessions.

We are committing to having the student participate in all training unless the student is sick, has an accident, or has an injury. Both the student and the parent or guardian understand that if the student can only participate in some of the training for any reason, there is no refund of the payment for the activity.
